

# Early Learning & Development Guidelines for Observing and Lesson Planning

Colorado's Early Learning & Development Guidelines (ELDG) are a resource for early childhood professionals that can be used to help observe, plan, and implement developmentally appropriate learning opportunities for children ages birth to five

Learn how you can use observations to track the development of young children, deepen your understanding of the essential domains of learning, discover strategies to align domains with lesson plans and create more individualized weekly plans for the current group of children in your care.
